**RE-TRANSMITTAL OF PREVIOUSLY TRANSMITTED PETITION FOR REVIVAL OF
APPLICATION FOR PATENT**

Sir:

On September 4, 2003, a Petition for Revival of Application for Patent Unintentionally Abandoned under 37 CFR 1.137(b), together with the required Terminal Disclaimer, were filed by facsimile with the PTO. Copies of these documents are attached hereto. When no communication from the PTO was forthcoming, Status Inquiry Requests were filed on December 18, 2003 and May 26, 2004, but no responses were received to these status inquiries either. Copies of these status inquiries, and a return receipt postcard from the first of them, are also attached to evidence Applicant's diligence in pursuing these matters.

Pursuant to a telephone conference with Charles Steven Brantley (Senior Petitions Examiner) on 11/30/04, the foregoing described documents are being re-transmitted, per his request.

No further fees are believed due, but authorization is hereby given to charge any necessary fees to Deposit Account No. 13-5135.

Prompt action on this long-pending application is earnestly solicited.

Respectfully submitted,

Donald E. Stout
